REVIEW OF THE 2019 EDITION

VISITOR BREAKDOWN BY POSITION

VISITOR BREAKDOWN BY SECTOR

THEY'RE TALKING ABOUT RFIT2019

Nice meetings, a perfect organization, an accelerator for our projects.

Emmanuel VIVÉ

Chief Executive Officer (CEO)

ADICO

Thanks to DG Consultants for this event, as always very interesting and remarkably well organized.

Laurent DELECELLE

Expert in security of information systems

BANQUE DE FRANCE

I really appreciated the diversity of exchanges and the opportunity to discover new ways to meet my needs. On a daily basis it is sometimes difficult to find solutions to our IT problems and even to know that they exist. This event opens doors and meets new actors for our projects.

Myriam ZAZA

Head of the mobility department within the information systems department Enedis

ENEDIS

This is the ideal spot to meet partners (and to find a provider that can solve problems that I did not necessarily identify), but also to interact with peers.

Nicolas CHAUVEAU

Chief Technical Officer

FLUKSAQUA

This first edition is a success. Congratulations to the whole organization, both in terms of interventions / choice of partners and logistics

Didier PAWLAK

Chief Information Officer

GRUPE PENELOPE

« This first edition of RFIT 2019 was very positive, we had high-quality discussions with available contacts who were willing to discuss their challenges and to listen to the solutions we had to offer.»

Alain KHAU

Director Security Sales Specialist EMEA
CENTURYLINK COMMUNICATIONS FRANCE

« Congratulations on this first edition that had all the ingredients for a quality event. RFIT has everything it takes to become a major reference event dedicated to the Corporate Digital Transformation.»

Frédéric AURIVEL

Marketing Communication Manager France
VERIZON

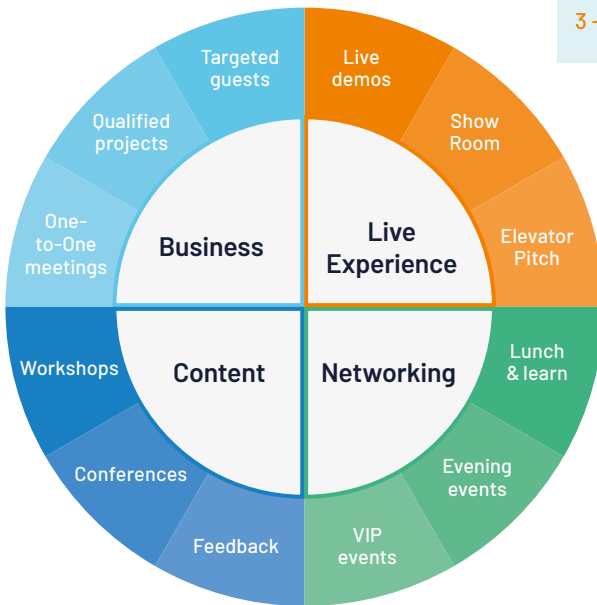

NEW EDITION IN 2020

A renewed and enriched business meeting concept:

- Encourage discussions to benefit business and ROI
- Customer experience centric
- Turnkey stands

Focus on the ecosystem approach by:

- 1- Technological partnership
- 2- Overall group solutions
- 3- Incubated start-ups
